

THE WEATHER.

Local Thunder showers today, and probably Wednesday.

There are serious riots in Bohemia.

The Italians are pushing ahead in Albania.

The Austrian cabinet has quit in a body.

Six thousand more Huns were caged Sunday.

A Vienna paper says: "American participation in the fighting increases the German task to one of a gigantic magnitude."

The allies have taken more prisoners than the aggregate number of their own casualties. And there is no telling how many Germans have been killed and wounded.

It is believed to be cutting the Chateau Thierry salient at its base on both sides and bottling up the retreating Huns. Wholesale capture is quite likely.

Grab Orchard Springs changed hands within two days after the press boys were there. Maybe the landlord broke himself trying to feed them this time.

Ed D. Shinnick, editor of the Shelby Record, is now secretary of the State Board of Control. He is expected to be with the board here today at the first meeting since his election.

The Huns have solved all questions of doubt as to the presence of U-boats on this side again, by having one of them attack small craft around Cape Cod bathing resort Sunday afternoon.

Hopkinsville has subscribed for \$22,007.00 in War Savings Stamps. This does not include the amount subscribed Saturday at the High School, which will be four or five thousand dollars.

The auto in which an eloping couple were fleeing from Virginia to Mayking, Ky., went over a 40-foot embankment. The occupants were unhurt and finally reached their destination and were married. They literally jumped into matrimony.

A rumor reached the city last night that Senator Ollie James, who is at Atlantic City had dropped dead at two o'clock. Later it was learned that the report was not true and grew out of the fact that the Senator had a sick or fainting spell, not at all serious.

Victories for the allied armies in France continue to multiply. Over the entire sixty mile front, running from Soissons to Rheims, the allied troops are fighting with a determination that brooks no denial of their efforts. And the Germans steadily are giving ground, though stubborn resistance is being offered on some sectors.

The entire southern bank of the Marne has been cleared of enemy forces, French, British and Italian troops now are harassing those southwest of Rheims and they have been forced to fall back in the Courtown, the Ardre valley and near St. Euphrase notwithstanding their desperate resistance. The number of British operating with the allied forces in this region is not known. The first announcement that they were in action was made Saturday night and doubtless they represent a portion of the great reserves that everywhere are being brought up along the battle line in an endeavor to make sure the victories already won are enlarged them.

FISTS WILL FIGHT WON-MAILED FIST

Denver, Colo.—The German "mailed fist" is to be met by two male fists. Floyd Flat, Denver vaudeville actor, has followed the example of his brother, Arthur Flat, and enlisted in the regular army. The vaudeville act will be the same as before, but the actor will be wearing a military uniform.

TRAFFIC IS DISORGANIZED

LARGE NUMBER OF WOUNDED ARRIVING DAILY AT THE SWISS BORDER.

(By Associated Press.)

Geneva, Switzerland, July 22.—Traffic between Rhine towns is disorganized owing to the number of wounded arriving daily from the French front in hospital trains. Trains from Germany are arriving at the Swiss frontier many hours late. The German Embassy returned to Berlin yesterday in mourning.

CONSERVATION OF LABOR

TO RESULT FROM CURTAILMENT OF DELIVERIES ORDERED BY WAR INDUSTRIES BOARD.

The State division of the War Industries Board will send its representative, Eugene J. Straus, on a tour this week of the larger cities and towns of Kentucky to lay before the merchants of the country the plan for conservation of labor through the curtailment of deliveries. He will visit all the larger towns of western Kentucky including Hopkinsville. Following are the restriction of the War Industries Board that will be put into effect:

Make not over one delivery per over each route.

Limit the privilege of returning merchandise to three days.

Curtail special deliveries in every way.

Require a deposit on C. O. D. purchases.

Discontinue the custom of sending goods on approval.

Merchants of some cities have had this plan, or one practically as effective, in operation for several months; and such a plan has been mentioned for Hopkinsville more than once by some of our merchants but had not been put into effect. It is believed that all of the merchants will appreciate the opportunity to put the plan in operation here.

LIGHTLESS NIGHTS TO BE RESUMED THIS WEEK

Washington, July 22.—Resumption of "lightless nights," inaugurated last winter to save fuel, will become effective Wednesday. It was announced by the Fuel Administration. All outdoor illumination with the exception of necessary street lighting will be discontinued after that date on Monday, Tuesday, Wednesday and Thursday of each week in the New England States, New York, Pennsylvania, New Jersey, Delaware, Maryland and the District of Columbia and on Monday and Tuesday of each week in the remainder of the United States.

The regulations under which the "lightless nights" will be carried out are the same as those put into force by the Fuel Administration last winter with the exception of the nights designated. Street lighting will be reduced to that necessary for public safety. Roof gardens and outdoor restaurants and motion picture theaters are not affected by the order.

SEEKING LOCATION.

Dr. W. H. Parsons, of Paducah, is here prospecting with a view to locating for the practice of medicine. He is one of the prominent physicians of the purchase, and is a native of Livingston county.

DEPOT BURNED.

The depot at the town of Lewisburg, in Logan county, was burned Sunday night. It was a new building erected only a few years ago.

WITH MILITARY HONORS

GERMANS SHOW GREAT RESPECT FOR "THE BRAVE BUT INEXPERIENCED" YOUNG AVIATOR.

Amsterdam, July 22.—The death of Quentin Roosevelt is confirmed by a Wolff bureau message from the front, according to a Berlin dispatch received here. The message adds that young Roosevelt was buried with military honors by the Germans. The story of the fatal encounter, as told by the Wolff bureau correspondent follows:

"On Sunday, July 14, an American squadron of twelve battle planes was trying to break through the German defense over the Marne. In the violent combat which ensued with seven German machines, one American aviator stubbornly made repeated attacks.

"This culminated in a duel between him and a German non-commissioned officer, who, after a short fight, succeeded in getting good aim at his brave but inexperienced opponent whose machine fell after a few shots near the village of Chambray, ten kilometers north of the Marne.

"His pocket case showed him to be Lieut. Quentin Roosevelt of the aviation section of the United States army. The personal belongings of the fallen aviator are being carefully kept, with a view to sending them later to his relatives.

"The earthly remains of the brave young aviator were buried with military honors by German aviators near Chambray at the spot where he fell."

FRANCHISE ASSESSMENTS

ON A NUMBER OF LOCAL CORPORATIONS ANNOUNCED.

Frankfort, Ky., July 22.—The State Tax Commission has tentatively assessed practically all the corporations, and a large number of the railroads have been given their final assessments. The ruling of the United States Supreme Court requiring the equalization of corporation assessments of 60 per cent. of their fair cash value, like other property, compelled a reduction in many instances. The board has raised farm property 75 per cent. and that valuation has been applied to corporations, which in most instances have been assessed at about 80 per cent.

The following final assessments on local corporations were made: Hopkinsville Water Co., \$72,300; Hopkinsville Sewerage Co., \$20,000; Kentucky Public Service Co., \$475,000; Crofton & Palestine Telephone Co., \$500.

REFUSED TO STOP WORK.

(By Associated Press.)

Chicago, July 19.—The splendid spirit of patriotism shown by American munition workers is surpassed by no other class of toilers in the "home army," according to E. A. Russell, chief of the Chicago district, Ordnance Department.

Mr. Russell, in commending the loyalty of these workers, pointed to the fact that men and women of the Wm. Shaw Brothers Company, Chicago, given the option of a holiday Independence Day, came to work as usual, the force being 95 per cent. complete.

"One thousand munition workers at this plant are using Independence Day to produce one hundred fifty five millimeter shells," the employee called General Pershing.

"To know that our munition workers celebrate Independence Day by working to supply the shells which are the pride of our country is a great honor to me," he said.

TEN DISTRICTS OVER THE TOP

MAJORITY OF DISTRICTS UNREPORTED ON ACCOUNT OF SUPPLEMENTAL REGISTRATION.

Results of the registration last Saturday are not known yet except in a very few districts that have already reported. Many districts are holding open yesterday and today, for any who may not have been able to register Saturday. Until these reports are all in and the amounts totaled it will be impossible to give anything like a definite idea of the number registered or the amount of the W. S. S. sold Saturday or the total to date.

A few districts were reported to Mrs. Kolb yesterday and ten of these went over the top for their full quota in subscriptions for stamps. Two adding machines were kept busy all yesterday afternoon and only a beginning had been made in the totaling of the returns that are in. Meanwhile the supplemental registration continues at the W. S. S. Headquarters, many names being added yesterday.

The ten districts so far reported as subscribing their full quota or more are Casky, Edgewood, Van-Cleve, Elmo, West Fork, Mannington Consolation. Other districts are expected to reach this enviable position when the reports are in.

FOLLOWING THE FLAG

Vernon Howard, who has been sick at Camp Sherman, arrived here Sunday on a brief leave of absence.

Sam E. Crawley, son of Mr. and Mrs. L. R. Crawley, of Jessup Ave., has arrived safely overseas. This message was received here yesterday morning in a card to Mr. Crawley.

Of 32 men who left for Camp Taylor yesterday, 25 were farmers, one a musician, one a drug clerk, one a telegrapher and the others were employed at various forms of labor.

Mr. Owen D. Massie, one of the largest farmers in Christian county, has volunteered to serve the government for the remainder of this war. This is the second time that Mr. Massie has volunteered. When the war was first declared against Germany he made a trip to Washington and offered the Government his services, but he was instructed at that time that his duty was to return to his farm and raise as large crops as possible.

Mr. Massie while in the draft age is exempt on account of the nature of his farming operations, that is, he is in class four, and in a recent reclassification, he was continued in class four by the District Board at Madisonville.

The Government has given Mr. Massie a reasonable time to wind up his business before ordering his attendance at Camp Gordon at Atlanta, Ga.

BOARD OF CONTROL.

The new State Board of Control headed by Judge Henry B. Hines, of Bowling Green, is expected to arrive here tomorrow or Thursday to visit and inspect the Western State Hospital.

SUPT. FOSTER AT EDDYVILLE.

Supt. L. E. Foster is conducting the Lyon County Institute for the country teachers. The institute is being held at Eddyville.

NEW VISITOR.

Anita Elizabeth Ware is the name of a little daughter born Saturday morning to Mr. and Mrs. R. C. Ware on W. Thirteenth street.

CONSPIRACIES DISCLOSED

SIMULTANEOUSLY WITH THE ARREST OF SEVENTEEN MEN CHARGED WITH BRIBERY.

(By Associated Press.)

New York, July 22.—Extensive conspiracies involving bribery and graft in connection with army contracts for rubber raincoats sent to the soldiers in France was disclosed tonight by the Department of Justice officials simultaneously with the arrest of seventeen officers and employees of fifteen manufacturing companies of New York and Brooklyn on charges of bribery, fraud and conspiracy.

DOCTORS ARE PATRIOTIC

ONE FOURTH OF ALL PHYSICIANS IN THE COUNTY ARE SERVING THEIR COUNTRY.

Dr. J. W. Harnad, Secretary of the County Medical Society, has received an official order to list and classify all doctors of Christian county under 55 years of age. Information is to be given about their general practice, their physical condition and whether they are the only doctors in their respective communities.

The government needs a great many more doctors. Of the 143,000 in the United States, 30,000 are already in the service, but as many more are needed. The classification now going on is the first step towards drafting such physicians as can be spared from civilian practice. There are about 45 or 50 doctors in Christian county and to the credit and patriotism of the profession let it be recorded that twenty-five per cent. of them have already volunteered.

Eleven doctors have already gone to the front and the twelfth has his orders and will leave in a few days. Following are the doctors who have volunteered, most of them making big sacrifices to do so:

Capt. F. P. Thomas, Hopkinsville.
Capt. R. L. Woodard, Hopkinsville.
Capt. Austin Bell, Hopkinsville.
Capt. J. Gant Gaitier, Hopkinsville.
Capt. W. W. Durham, Hopkinsville.
Lieut. Randolph Dade, Hopkinsville.
Lieut. T. D. Rudd, Hopkinsville.
Lieut. R. F. McDaniel.

Lieut. O. F. Miller, Hopkinsville.
Lieut. Earl Thomas, Pembroke.
Lieut. J. L. Barker, Pembroke.
Lieut. Stanley Stroube, Edgerton.
To this list might be added Dr. Ben F. Eager, who has just graduated from a Chicago school. His home is here.

OFFICER LUTES HERE.

Corporal C. W. Lutes, of the Paducah Recruiting Office, will be at Hotel Latham today and tomorrow looking for volunteers for 14 different branches of regular army service, ages 18 to 21 and 31 to 41. Many will remember that Corporal Lutes was here last December and January after leaving here he went to Louisville and from there to Paducah. The 14 different branches for which volunteers are accepted are as follows:

- Field Artillery.
- Coast Artillery.
- Aviation Corps.
- Tank Service.
- Medical Corps.
- Infantry.
- Calvary.
- Quartermaster Department.
- Signal Corps.
- Light Artillery.
- Heavy Artillery.
- Siege Battery.
- Engineering Corps.
- Veterinary Corps.

FOCH GIVES NO REST TO RETREATING HUNS BUT IS SLOWLY CLOSING THE HUGE NUT-CRACKER

IN MOVEMENT TO BOTTLE UP THE CROWN PRINCE'S ARMY

(By Associated Press.)

The Franco-American Drive into the Soissons-Rheims salient between Soissons and the Marne continues. The Germans at some points are counter attacking desperately, but their effort thus far is futile in halting the allied advance. The allies have gained further ground south of Soissons in the center line along the Ourcq river and northeast of Chateau Thierry. Additional large number of prisoners guns and much war material was taken. In the Marne region the Americans are reported well on the heels of the retreating enemy. At last reports they had advanced four miles from their old positions on the south bank of the Marne. Several fighting

is progressing between the French, British and Italian troops and the enemy southwest of Rheims, where the British have made a further advance.

The German defensive was noticeably stiffened on the western side of the Rheims-Soissons salient but although large numbers of reserves are used the enemy maneuvers are in the nature of a rear guard action, probably designed to help the large forces pocketed in the salient to the south to escape.

In northern France and in Flanders the British continue to harass the enemy with small attacks while the Italian and Albanian fronts are also a continuous scene of similar combats.

VAIN EFFORTS TO COUNTER

(By Associated Press.)

Paris, July 22.—Heavy German counter attacks were launched for the purpose of checking the allied progress between the Ourcq and Marne rivers today without avail, according to a war office report announced tonight. The French and British made further advances in the region of Lacroix-Griesselle as well as north east of Mt. St. Pere.

NEW REVENUE BILL FRAMED

(By Associated Press.)

Washington, July 22.—Inclusion in the new war revenue bill, which is to be designed to raise \$8,000,000,000 of bonds, is a tax on all incomes of individuals, allowing exemption of one thousand dollars for unmarried and two thousand for married persons. It has been tentatively agreed upon by the House Ways and Means Committee.

Fresh Pack of Lies.

(By Associated Press.)

Berlin via London, July 22.—The war office claims that fighting in France Sunday resulted in a complete success for the German arms. The official statement issued today describes numerous heavy operations on all parts of the salient between Soissons and Rheims and declares all assaults of the allies were repulsed.

French Back at Home.

(By Associated Press.)

London, July 22.—French troops in Champagne, between the Suippes and Massignes rivers, have regained all of their old front lines, according to advices reaching London tonight.

Trying to Get Away.

(By Associated Press.)

French Army Headquarters via Ottawa, July 22.—North of the Marne the Germans are making preparations for a further retreat.

ATTENTION! BOY SCOUTS.

All Boy Scouts of the Bicycle corps are requested to be present at the hall tonight at 7:30 p. m. sharp, as there will be a special meeting and drill. Be prepared.

GOVERNMENT TAKES CANAL

(By Associated Press.)

Washington, July 22.—For the purpose of protecting the coal supply going to New England from Southern ports from the submarine menace, control of the operation of the Cape Cod Canal is to be taken over by the Government. The President expects to issue a formal proclamation tomorrow.

HUNGARY IN TURMOIL

(By Associated Press.)

London, July 22.—(By Wireless.)—Very serious revolts and mutinies have occurred in Bohemia and Hungary.

At Zjet one hundred and fifty officers and 500 Czech-Slovakia munitioned and were shot, and further, three thousand were arrested.

From a reliable source it is learned that serious mutinies have taken place in Dalmatia and Bohemia.

The Jugo-Slav soldiers have deserted by the wholesale and escaped to the mountains.

GREAT THEATRE FOR TRAINING CAMP.

(By Associated Press.)

Great Lakes, Ill., July 22.—An open air theatre, the largest theater in the world, will be constructed in an immense ravine separating Camp Ross from Camp Decatur at the Great Lakes Naval Training Station, according to the Great Lakes Bulletin, official paper of the station.

Hills on either side of the natural amphitheater will be terraced in tiers two or three feet wide to form seats, with rough stone supports. Rustic finishings will fit out the entire place and the trees will form a green canopy over the spectators.

A stage already has been provided by nature in the form of an island around which a sparkling brook tumbles over rocks. A company of any size could be accommodated on the stage. Special lighting facilities will be installed and dressing rooms established.

The arrangement of the theatre will enable recruits in Detention to witness entertainments without mingling with the other sailors.

CALLED TO LOUISVILLE.

Jan. B. Allenworth was summoned to Louisville yesterday by Chairman Hines, of the Kentucky Council of Defense, to take part in the speaking campaign for Savings Stamps with the Hillis War Picture. His success in this county has attracted wide attention and his appointment to be visited everywhere.

SUB APPEARS OFF CAPE COD

AFTER HOURS OF SHELLING
SINKS FOUR BARGES AND
DAMAGES TWO BOATS.

THREE ON BOARD INJURED

SUMMER CROWDS LOOK ON AT
ONE-SIDED BATTLE WHICH
LASTED AN HOUR.

Orleans, Mass., July 22.—A German submarine attacked the tug Perth Amboy of the Lehigh Valley railroad and her four barges, three miles off Cape Cod at 10:30 o'clock Sunday.

The one-sided battle lasted one hour and a half. The tug was burned to the water's edge by shell fire while the barges Lansford and No. 766, No. 403 and number 704 were sunk by gunfire.

The barges were bound from Gloucester for New York and only one was loaded, her cargo consisting of stone.

Of the 11 persons, including three women and five children on board, three men, Capt. Charles Ainslie of the Lansford and John Bolnick and John Vitz, Austrian members of the tug crew were wounded. Holovich probably will lose an arm, Vitz had one hand blown off. These two were sent to the Massachusetts General hospital in Boston.

Capt. Ainslie was wounded in both arms by shrapnel and was treated at the home of J. C. Danforth Taylor of Boston.

The attack was witnessed by large crowds of summer visitors who had flocked to the cape for week end, seeking relief from the heat wave.

All accounts agreed that the submarine shooting was very odd.

Her torpedo work was no better. According to Capt. Ainslie of the Lansford, she launched three torpedoes at the tug and all went wild.

Scaphones Make Attack

The attack occurred only a few miles from the naval aviation station at Chatham. Three scaphones attacked the raider with bombs, according to Rear Admiral Spencer S. Wood, commander of the first naval district. The fire was returned keeping the planes high. Finally, however, the U-boat submerged and was last observed heading south.

Tonight the tug was still afloat and it was thought she could be saved. The net result of the raid was the sinking of barges valued in the aggregate of \$30,000 and the serious damaging of a tug valued at \$100,000 at the expenditure of three torpedoes which it is estimated cost the German government a total of \$15,000.

Looking for Collier.

The appearance of the raider so near the treacherous shoals and tide rips of the cape and her subsequent actions caused amazement to the thousands of eye witnesses rather than consternation. Residents of the cape could not understand why she wasted shells on the fleet of barges returning to a coal port. It was reported, however, that the real prey sought by the undersea boat was a large collier northbound.

Two colliers, the Arlington and J. P. King, passed Orleans shortly before the Perth Amboy was fired upon, but both passed through the danger zone in safety.

Three women and five children did not suffer physical harm, although one of the women who had been making her first trip at sea fainted after she had been placed in a small boat. Of the children was 11-year-old boy, who at the first sound of the battle grabbed an American flag and shook it defiantly toward the U-boat. The lad was still clinging to the colors held proudly above his head when he landed on the beach.

Evidently Had Chart.

The German commander either took a long chance or had an exact chart of the dangerous shoals and shifting sand bars off the cape. It would be impossible for him to submerge to any great depth and the scene of his exploits was not one in which undersea boats might be expected to operate. Tonight he was being hunted by patrol vessels and other war craft.

SUCCESSFUL REVIVAL HELD

MUCH IMPETUS GIVEN CHRIS-
TIAN CHURCH AT CROFTON
—REV. E. S. SMITH, RE-
VIVALIST.

The revival meetings held at Crofton the past two weeks by the Christian church of that town were a success in every way. Thirteen sessions were preached by Rev. Everett S. Smith, of this city, and revival services were conducted by Miss Wilhite who spent four weeks with the Ninth St. Christian church here in the interest of the Bible School movement. Miss Wilhite is an artist in her line and her work among the children is rarely, if ever, excelled.

There were 13 additions to the local church at Crofton during the meetings and the congregation was stirred to new life and made to realize newer and greater possibilities and responsibilities.

The religious awakening was attested by the liberal amount of contributions raised for the several purposes for which the church was organized. In all \$1,025 was raised. The Men and Millions Movement was given \$500 of this amount. The church debt of \$165 was paid off and the notes burned, a new piano was purchased for the church, the running expense of the meeting was paid, and Rev. Smith and Miss Wilhite were given liberal donations for their work. The Crofton congregation and people have just cause to feel happy over the result accomplished in so short a series of meetings. In fact, Crofton is a real town.

NICE SHOWER

VISITED HOPKINSVILLE YESTER-
DAY AFTERNOON WITHOUT
WARNING.

Although the weather prediction for yesterday was "fair and warmer," a nice little shower fell in Hopkinsville and vicinity yesterday afternoon. It came as a very welcome surprise and just in the nick of time. Vegetation was badly in need of rain.

On Sunday night the Howell neighborhood had a good rain. Bluff Spring also had a good shower Sunday.

The rain yesterday did not extend far north of town and did not go southward as far as Edgemoor. It appears to have been only a local shower.

TWO SHOOTINGS SAT. NIGHT

Saturday night at a negro festival at Herndon Louis McGowan killed Mose O'Neal. In a general shooting a woman was first shot in the foot and a little later O'Neal caught a bullet in his heart. McGowan made his escape, but yesterday came to town and surrendered. He claims that O'Neal was advancing on him.

The same night near Pembroke, John Hall, aged 17, shot and wounded another colored boy named Otho Trammel. He claims that the shooting was accidental while another boy named Kennedy had hold of the gun. Kennedy ran away and has not been found.

The Women's Branch of the Council of National Defense, through its committee for Belgian Relief, yesterday shipped to the Red Cross Headquarters at Cincinnati three big boxes containing more than 1400 garments for French and Belgian children. A previous shipment of 700 garments was made some time ago.

ROADSIDES BEING CLEANED

BY PERSONS COMPLYING
WITH LAW BY CLEANING
HIGHWAYS OF WEED AND
BUSHES.

The new law passed by the last legislature, requiring owners of property abutting on the public roads and highways to cut down all weeds and bushes along said public roads, is being complied with in many sections of this county. Many farmers have already completed this task on their land and much more clearing away is in progress at this time.

This law stipulates that a person owning property lying along and adjacent to a public road or highway must, between July 1 and August 20 each year, clear away all weeds, bushes and such other growth as tend to obscure the view. Roadways must be cut down so that at no time will they exceed 5 feet in height. This is a very important law, both to the farmer and the traveling public. It will add much to the appearance of the farms and the county at large and makes automobiles travel much safer where there are curves and bends to be rounded.

No obstruction to view should be allowed to remain where it is possible to remove same at reasonable cost or labor. Practically all railroad accidents to foot and vehicle passengers occur at crossings where a deep cut or other object obscures the view. People are fast beginning to realize the justice and importance of clearing the roadsides and are acting accordingly.
